↔ All buttons will have rollovers with a color change.

(Only 1 Category can be requested per API Call.)
Categories Include: General Knowledge, Science & Nature, Mythology, Sports, Geography, History, Politics, Art, Etc.

Difficulty Levels:
Easy, Medium, or Hard

Questions

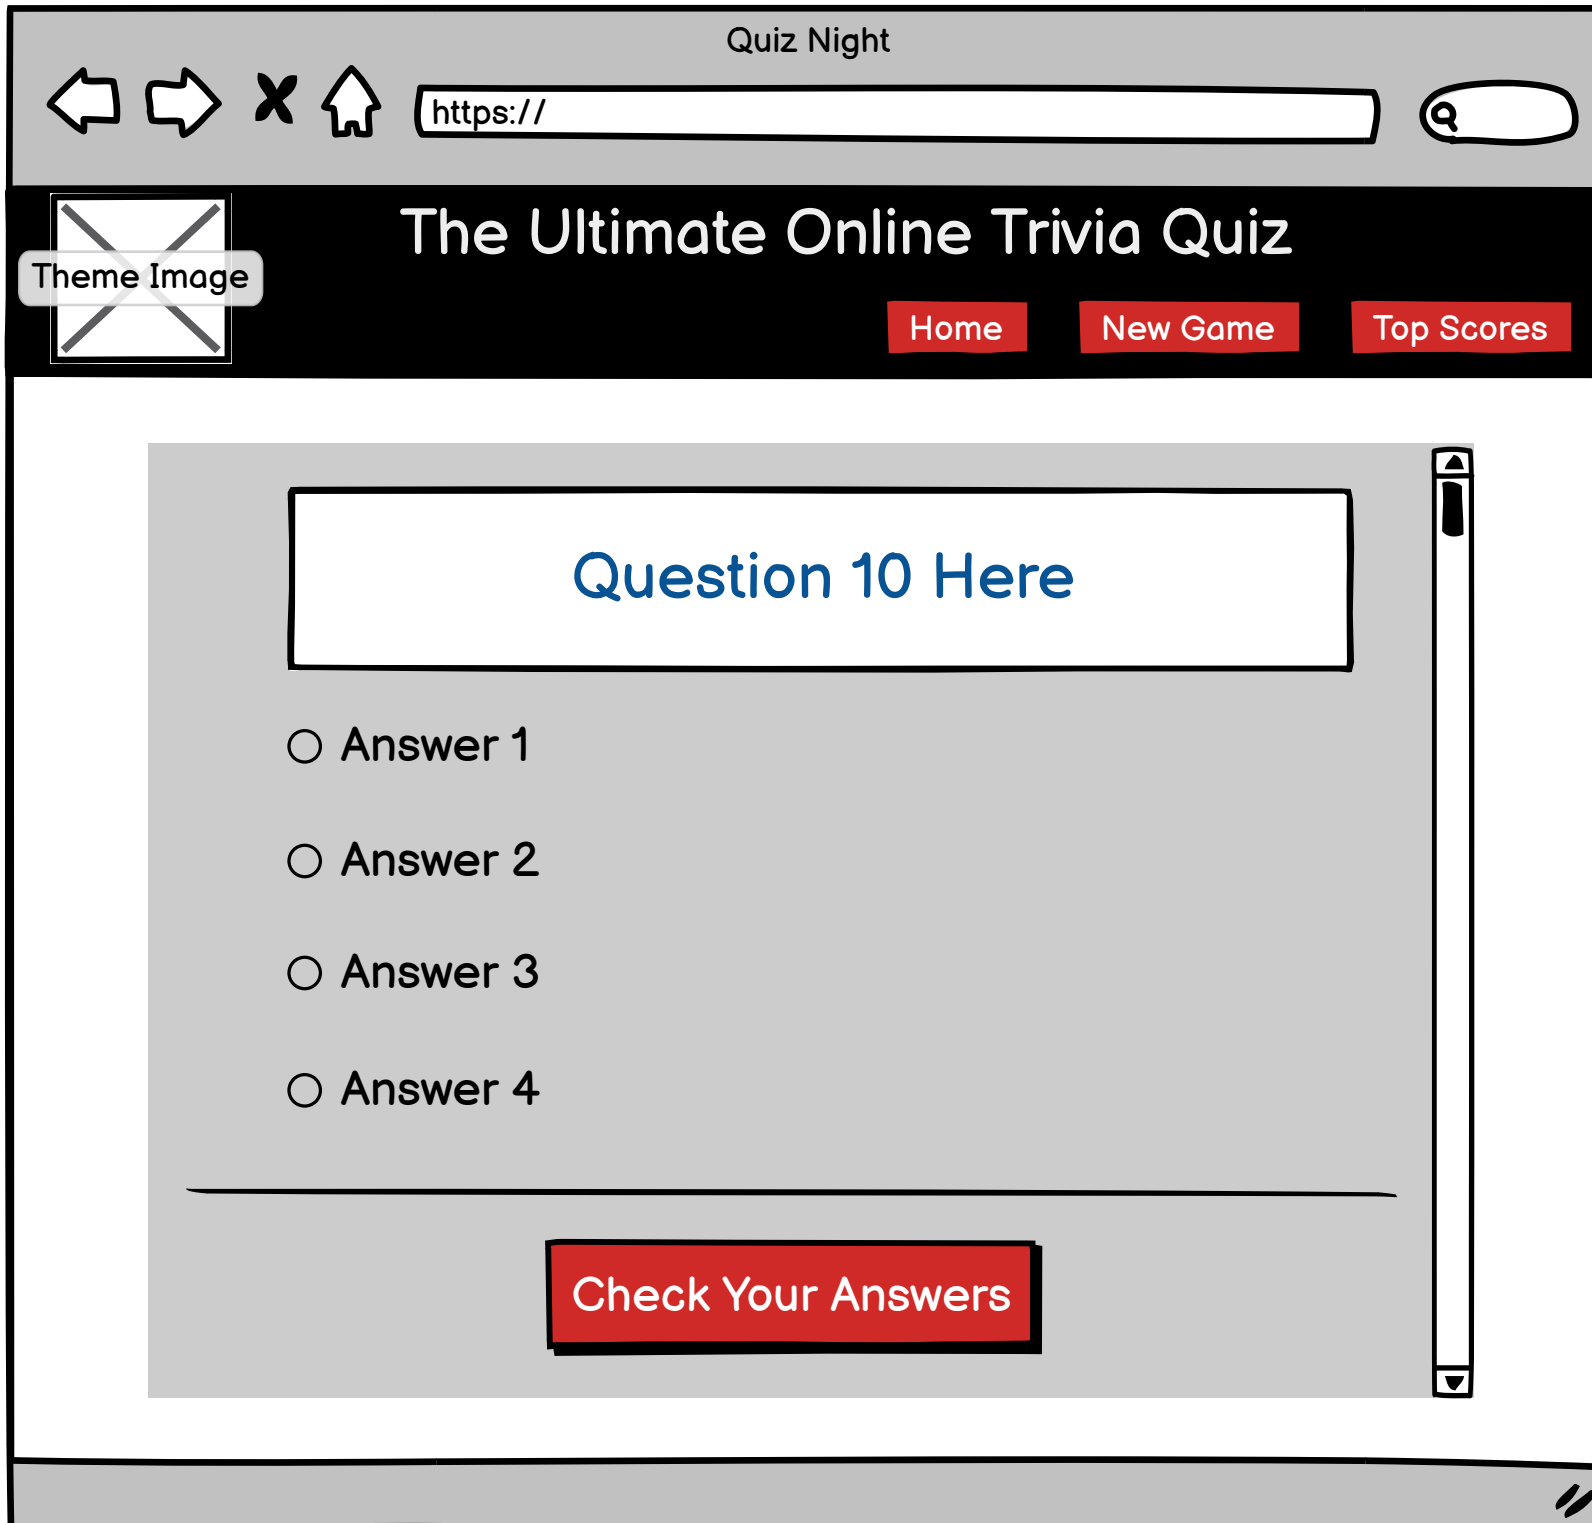

There will be 10 questions per game. At a later date I would like to add a select option for the user to choose the amount of questions.

Which is best practice?

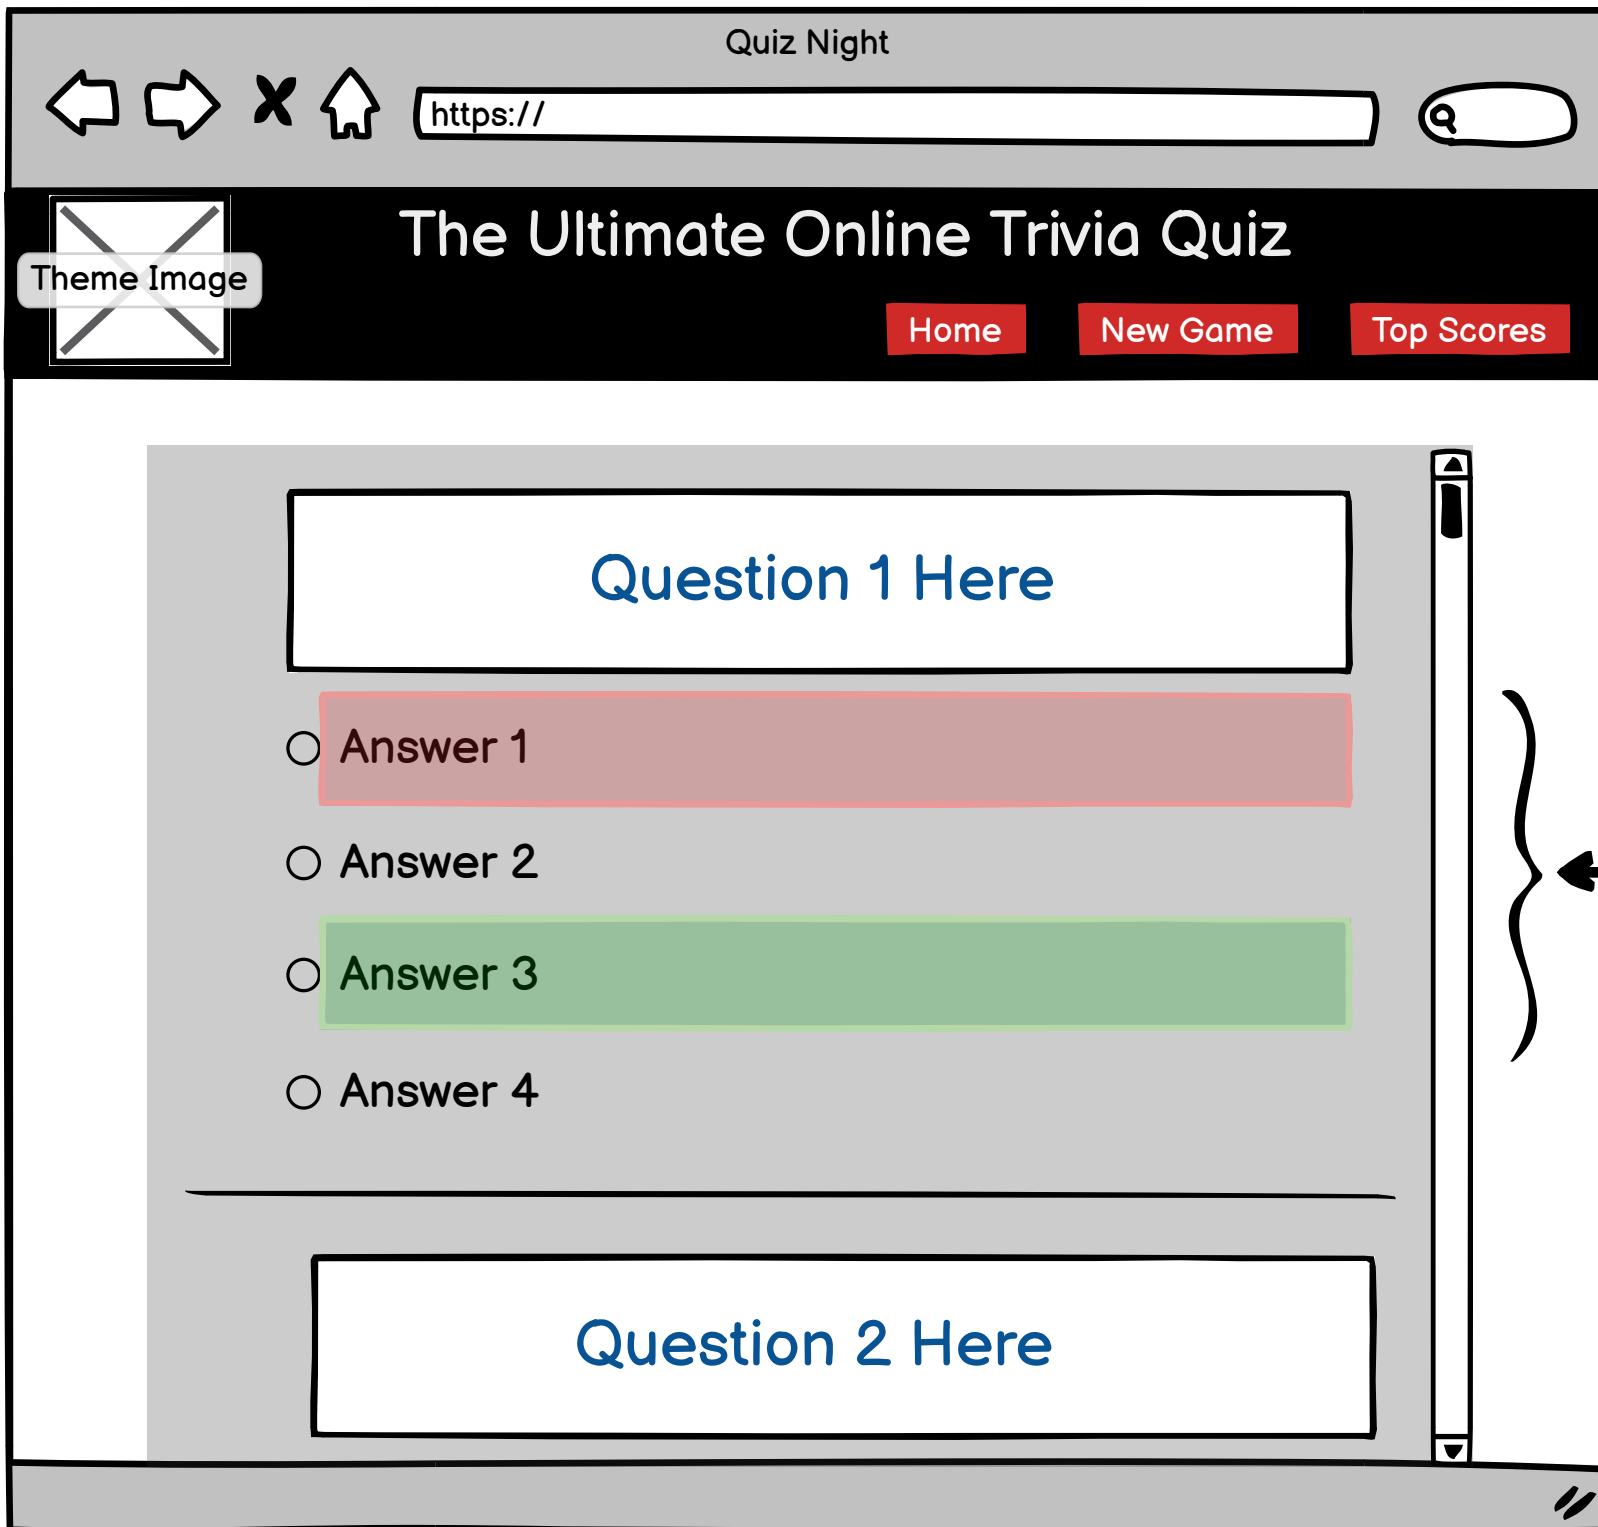

Have all of the questions on the screen at once with scrolling or present each question one at a time with arrows to navigate between them?

Answers

The user will be presented with a button to check their answers.

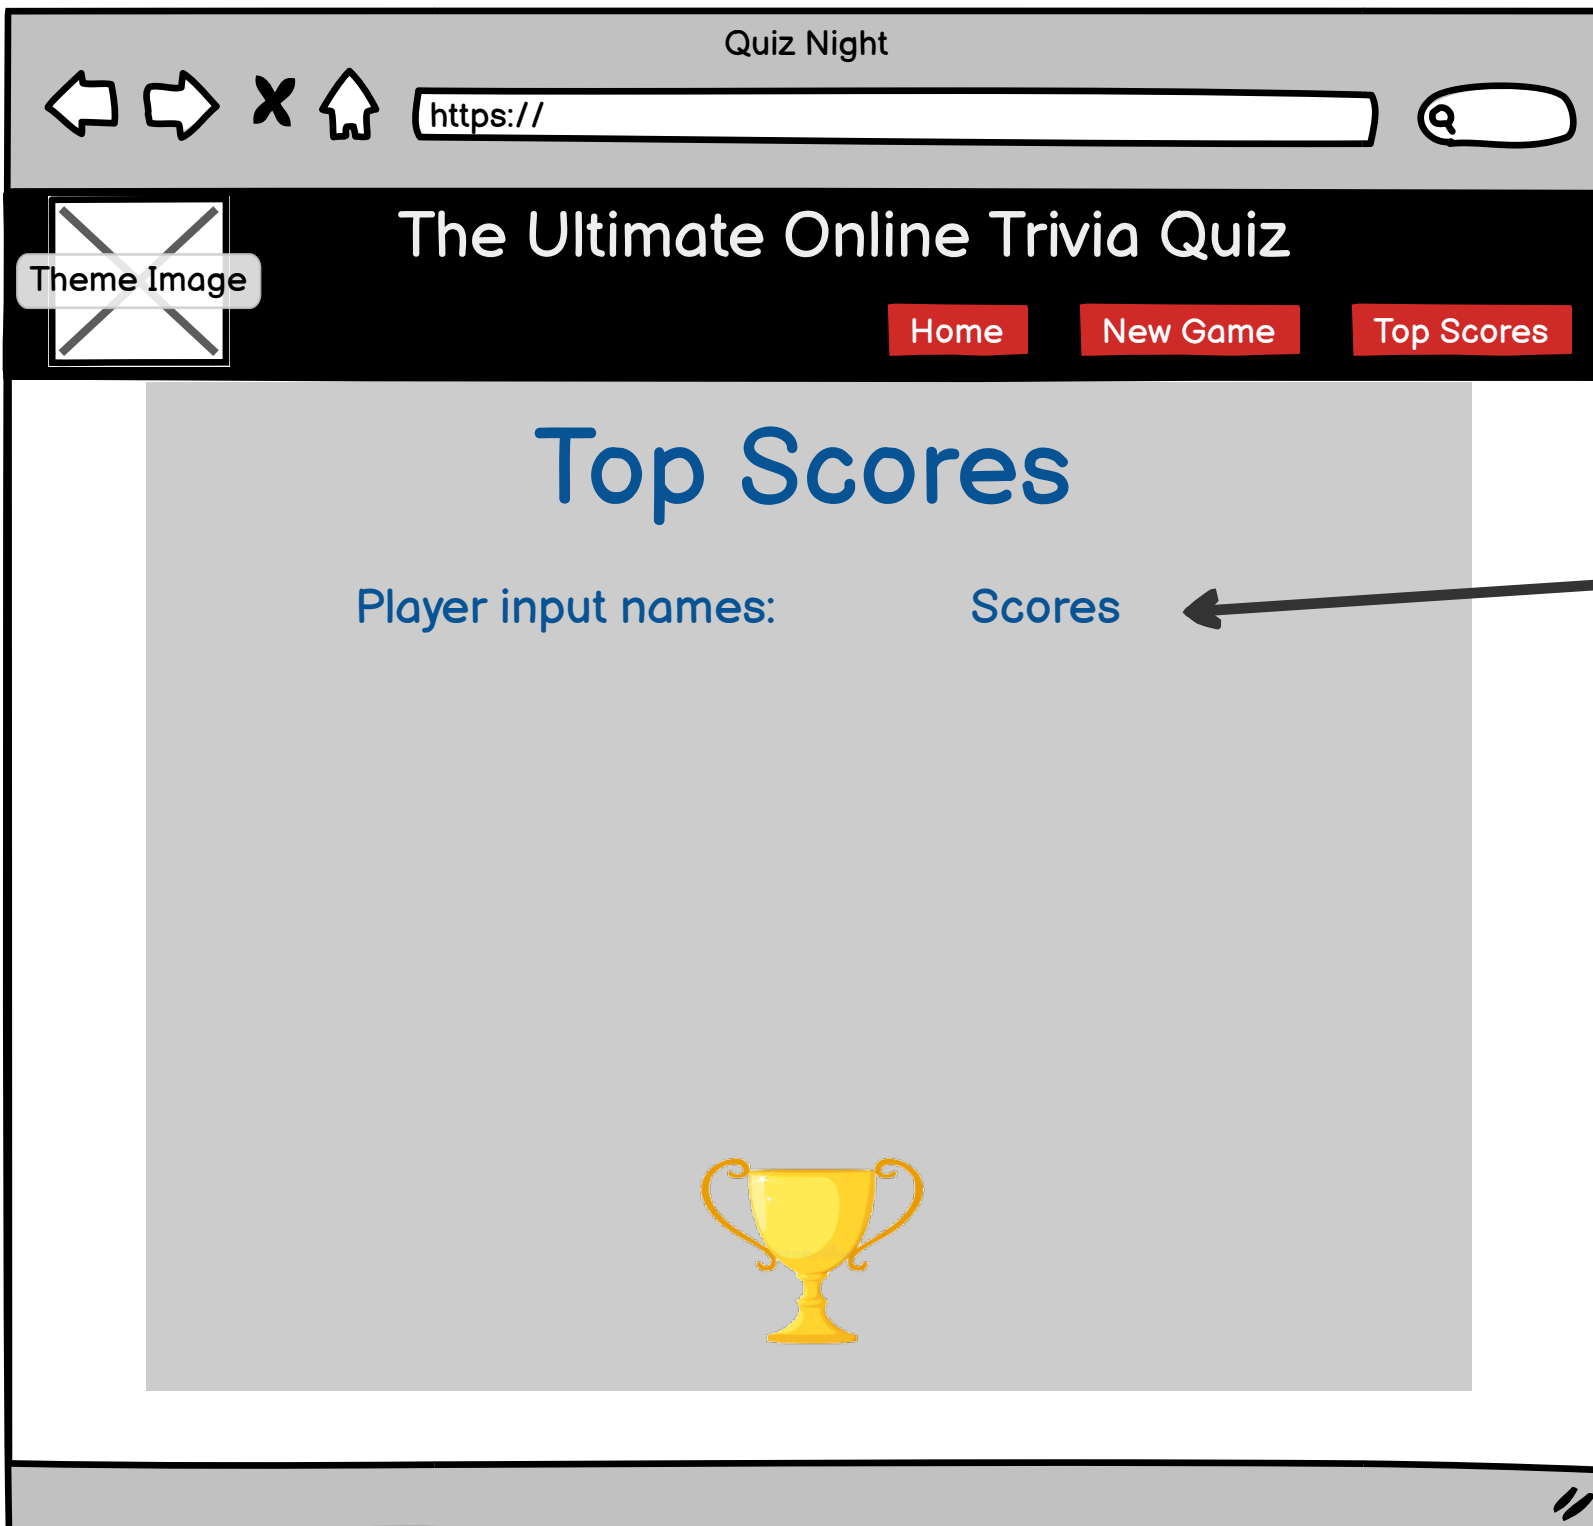

Display Answers

Correct answers will be highlighted in green.
If the player answered incorrectly, their answer
will be highlighted in red.

Top Scores - Future Upgrade

Top Scores button will be disabled for this release.

Top 10 player scores will be listed.
